Calendar/ Events

FOX HUNT

READY TO
GO?

Sat SEP 20
9:00-noon

For more info contact Jeff KD0JLM

Calendar/ Events

FOX HUNT

- 1.) Wait for the fox to transmit, and quickly rotate your body holding the beam out straight in front of you. When you get the lowest signal, the null, the fox is directly behind you.
- 2.) Locate north using the compass, then use the protractor to find the number of degrees from north to determine bearing to the fox.
- 3.) Using landmarks along the bearing or the protractor on the map, draw a line from your location along the bearing.
- 4.) Communicate with the other teams to get their bearings and locations, and plot them on the map as well.
- 5.) The intersection of the lines is the approximate location of the fox.
- 6.) Relocate closer to the fox, and repeat steps 1 through 5.
- 7.) Lather, rinse, repeat until you find the fox.

Calendar/ Events

Saint To Saint

Sunday, Oct 5

KD0VNZ and WB9KHR
Baton Station #1

We need radio operators to staff the Baton Exchange Stations- no experience necessary!

Contact: Shawn KD0DMJ

Calendar/ Events

W1AW/0

October 2014

W1AW/0 in October requires commitment to detailed logging and being on air at designated time. Look at the following web site to sign up for your preferred time slots.

<http://www.w0kah.net/w1aw/index.php?date=2014-10-08>

(Carefully study the operating guidelines BEFORE you sign up!)

N1MM Logger is a good logging program for SSB

Calendar/ Events

Ozark Trails 100

Saturday, November 1
