Old Business - Winter Field Day

After Action Review...

Great weather and nice site.

We could have done more with setting up antennas that better utilized the site/tower. You can never have enough adapters and couplers.

Lawn batteries work well.

Accommodations were nice, with such niceties as stove, oven, and furnace!

Attendance?

New Business

Elections

- No nominations for president yet....

Repeater relocation

- Discussed remote receive, new sites, and benefits of current 147.210 site.
- Discussed upgrades and repairs for 146.79 site.
